

Already Assigned List – (Businesses Contacted Via Letter)

This is a list of businesses that have been contacted by mail. You should not contact any company on this list unless the company is assigned to you. Since many of these companies have advertised before, many of them send in their renewals upon receipt of the request letter. Other companies need to be reminded by either visiting them or calling them.

Remember there are thousands of businesses in Marlborough and surrounding towns. You could contact relatives, friends, teachers, other school groups, school administrators, your dentist or doctor, hairdresser and many more. Before contacting a business, please check this list to make sure the business you choose to contact is not already assigned to someone else. Get Lots of New Ads!

Be Creative, Good Luck and Have Fun!
